

# Bowling for Brain Injury!!

A fundraiser supporting the programs and services of

**Brain Injury Florida**

**Saturday, November 1,**

**2025**

**3-5pm**

**Brandon Crossroads Bowl**

**609 Crater Lane**

**Tampa, FL**

An estimated one million Floridians are living with the effects of an acquired brain injury. Without proper screening, diagnosis, and access to neuro-rehabilitation supports/services, survivors may experience significant consequences, such as, failing at work and/or in relationships, becoming victims or perpetrators of domestic violence, dropping out of school, addiction, homelessness, mental illness, or involvement in the justice system.

## Florida Needs a **STRONG** Brain Injury Advocacy Group!

Brain Injury Florida, Inc., (BIF) is a statewide advocacy group for Floridians impacted by acquired brain injury. Incorporated as a Florida nonprofit organization in August 2022 to fill a void left by the closure of a predecessor, BIF is determined to promote effective awareness, education, outreach, treatment, prevention, advocacy and support for survivors of acquired brain injury, and those interested and involved in their care, recovery, and quality of life. To keep this commitment, we have:

- opened the Brain Injury Information Line to respond to the needs of our constituents,
- created committees of interested stakeholders to assess the needs of, and opportunities to become, one of the most effective statewide advocacy groups in the country,
- become the state affiliate of the Brain Injury Association of America to ensure that there is communication with, and advocacy for, the needs of

Floridians on a national level, and a transfer of information regarding the best evidence-based treatments and promising treatments,

- partnered with the University of Florida to attract an ACL Grant to enable the creation of the Sunshine NeuroResource Facilitation Network and update the Florida Strategic Plan for Brain Injury,
- created a Brain Injury Coalition of interested state agencies, NGO's and individuals to further support and efforts for legislative change, and
- held three annual education conferences to create new avenues of communication.

BIF is a virtual organization run by an all-volunteer staff. In order to fund the programs and services outlined above, and planned for implementation, we are routinely looking for donations of time and money to help us fund these activities, Bowling for Brain Injury is one example. Hopefully you can assist BIF by selecting one of the following sponsorship levels:

## **2025 Bowling for BI Sponsorship Levels**
